

Wiltshire Combined Woundcare Formulary for use by Practice Nurses (PN), District Nurses (DN), Nursing Homes (NH), Leg Clubs & Clinics (LC) and Tissue Viability Nurses (TVN) based in the Wiltshire Locality. NB: Formularies for MIU, Lymphoedema and Podiatry are listed here for information, but these services source their own dressings.														
Wiltshire Combined Woundcare Formulary should be used by all PNs, DNs, NHs, and TVNs. NB: District Nurses, MIU, Lymphoedema and Podiatry source their own woundcare products.

* Can be used by Nurses with Specialist Interests (NSI's)

BSW works within the BSW & BNSKG Wound Care Formulary Group to ensure the woundcare formulary includes a comprehensive list of clinically and cost-effective choices that have been approved for use by BSW specialist TVNs.

The formulary should cover the vast majority of prescribing. In the event that the formulary does not meet the needs of your patient, advice should be sought from the TVNs. The advice should be clearly documented on the patient records. We welcome feedback on the formulary - bswicb.prescribing@nhs.net. We will also actively monitor FP10 prescribing for formulary feedback and training need analysis.
