

Table with columns: Product Name, Size, Dressing Type, NRS SC Code, Per Carton, Practice, District, Formulates, Nursing, TVN *, Additional Notes. The table lists various medical supplies such as 365 Film dressing, Actico bandage, Allevyn Life dressing, and various types of tapes and dressings. Each row includes specific details like dimensions, dressing type, NRS SC Code, and whether it is available in Practice, District, or Formulates. Some rows include TVN (Therapeutic Use Number) codes and additional notes regarding specific products like KerrMaxCare.

* Although a TVN can prescribe products will be delivered directly to you from the manufacturer and may arrive on a different day to your usual delivery.

* Blue Diamond Products have a longer lead time and may arrive after your usual delivery.

* Although a TVN can prescribe any wound care product on formulary, the expectation is for other nursing teams to retain prescribing/ordering of most dressings.

Formeo is an online ordering platform for healthcare staff working in GP practices, nursing homes and BaNES community settings to order wound care products. Prescribing wound care products on FP10 prescription can be wasteful because the items dispensed can only be used for that one patient. Products ordered via Formeo may be obtained at a lower price than FP10 and they become the property of the GP practice/nursing home/clinic, so a box of dressings can be used for multiple patients - reducing wastage.

The BSW Wound Care Management Group works to ensure the woundcare formulary includes a comprehensive list of clinically and cost-effective choices that have been approved for use by BSW specialist TVNs.

The formulary should cover the vast majority of prescribing. In the event that the formulary does not meet the needs of your patient, advice should be sought from the TVN. The advice should be clearly documented on the patient records. We welcome feedback on the formulary - bswicb.prescribing@nhs.net. We will also actively monitor FP10 prescribing for formulary feedback and training need analysis.

Document Review	Date	Details
Second edition	Jun-24	Added PICO and MollieLaird to TVN formulary; removed 365 Healthcare Dressings packs as Sofdrape Dressings Packs are back in stock; removed OpSite Post Op dressings as these have been delisted and added 365 Island Dressings as the alternative. General tidy up of dressings; names to align to official product name and BNF/PPV listing. MCW
Third edition	Jul-23	Compression bandages (Actico) removed from Nursing Home formulary.
Fourth edition	Sep-23	Additional size of PICO added; temporary addition of Cavilon Film Wipes and Cavilon Advance in packs of 20, due to stock availability issues of regular formulary options of these products. Correction of pack size of ELY842 from 20 to 4.
Fifth edition	Apr-24	Updated to include details of which products are e-direct or Blue Diamond. Na-Ultra dressings removed from formulary as no longer available from supplier. MCW
Sixth edition	May-24	Annotated Blue Diamond and e-Direct products. Updated information regarding the Wound Care Management Group. MCW
Seventh edition	Jul-24	Actiform Cool is being delisted (removed) from the NHS Supply Chain Catalogue. Kerralite Cool has been selected as the alternative for BaNES formulary. Achieves BSW alignment.
Eighth edition	Aug-24	365 Island Dressing removed from formulary due to ongoing stock issues. Softpore is already on formulary as an alternative. Achieves BSW alignment.
Ninth edition	Aug-24	Cavilon No Stone Barrier Film wipes, spray and 20 pack of 2.7ml wands removed as stock issues resolved. UroGStart Plus Pad removed from all formularies as TVN request. MCW
