

BSW Education and Training sub-group TERMS OF REFERENCE 2021-2024

1. Constitution

The publication of the NHS Long Term Plan followed by the People Plan provides a clear overall vision of the workforce transformation requirements to underpin required transformational changes to service delivery and ways of working to deliver the triple aims of improvement in health, quality, and financial sustainability. Delivered through a system of sustainability and transformation plans (STP) and now Integrated care Systems (ICS's), a critical component is the creation and delivery of an enabling BSW workforce strategy for health and care. Reporting to the Operational People Delivery Board (OPDG), the Learning and Development Workstream forms an integral part of the ICS priority of Workforce Transformation for BaNES, Swindon and Wiltshire.

In addition the NHS People plan (2020) set out actions to support transformation across the whole NHS. It focuses on how we must all continue to look after each other and foster a culture of inclusion and belonging, as well as action to grow our workforce, train our people, and work together differently to deliver patient care. The People Plan for BaNES, Swindon and Wiltshire (BSW), sets out how BSW will take early steps to develop and deliver the local NHS workforce with system wide approach.

The plan addresses the key themes of:

- · Looking after our people
- Belonging in the NHS
- New ways of working and delivering care
- Growing for the future.

The BSW People plan does not replicate the work of the NHS Trusts and other employers within the BSW system. It sets out plans, that will be undertaken at system level. System level actions are defined as:

- Those that the NHS People Plan makes explicit as requiring to be managed at system level
- Actions that BSW workforce development leaders have agreed can be better planned and/or delivered collectively rather than at employer level.

The Learning and Development leads Group is a key enabler in delivering the system wide actions of the BSW People plan. The membership of the BSW Education Leads Network includeshealth & care, local authority and charities organisations (stakeholders), this is not exclusive and will support sub-groups of services deemed to have specific education needs. Working collaboratively the network are focused on; improving the quality and accessibility of ducation delivered across the BSW footprint, optimising the utilisation of resources and evidence for all partners, supporting the delivering of the BSW Workforce strategy.

The BSW ICS Education Leads Network will be referred to as the BSW Education Leads Network.

2. Terms of Reference

The stated purpose of the BSW Education Leads Network sub-group is to:

9. Attendance by Members

Organisational representation will be required to attend a minimum of 80% of all meetings. Members may delegate attendance to nominated deputies. Where this action is taken the Project Manager must be informed in advance of the meeting.

10. Authority

The BSW Education Leads Network is authorised by the OPDG to:

- Investigate any activity within its terms of reference
- Co-opt members as appropriate to satisfy the achievement of the programme

11. Conflicts of interest

Any conflict of interest on the part of a representative shall be immediately disclosed to the network partners. The network partners may, at their option, request that a declaration of interest form be completed and logged with the STP Education Leads project lead. If it is determined that the individual is found to potentially place at risk the transparency and fairness of any BSW Education Leads Network activity they will be excluded from such activity as agreed by network partners.

12. Accountability and Reporting Arrangements

The BSW Education Leads Network will be accountable for the development of the BSW Education Leads projects, ensuring that the programme adequately reflects the direction set by OPDG.

The BSW Education Leads Network Project Manager and SRO will support education and development sub-groups to support the delivery of its objectives.

13. Monitoring Effectiveness & Review

The BSW Education Leads Network Project Manager will report KPI's for the network activity on a monthly basis with an annual review of its effectiveness annually.
